Bioactive Colostrum

The Finest Biologically Active Colostrum
Highest Levels of Naturally Occurring Lactoferrin
Full Range of Immunoglobulins and Active Peptides
100% Non-denatured Native Bovine Colostrum

2.1 oz, 60 grams powder, 60 servings

IN A CLASS OF ITS OWN

Bioactive Colostrum is never subjected to any heating or processing that would damage the full range of the original regenerative and immune enhancing native protein components and growth factors.

Suggested Use:
For optimal absorption, Wisdom Proteins' Bioactive Colostrum is designed to have direct contact with the oral mucosal surface in powder form or in a liquid solution. It may be mixed in a blended drink for palatability.

Colostrum is Nature's Original Prescription for Health
Colostrum is a powerful immune system modulator. It will stimulate a sluggish immune system or modulate an overactive immune response as occurs with autoimmune diseases. It has been documented to be helpful in the treatment of CFS, FM, AIDS, and gastrointestinal disease. [1]

Colostrum accelerates healing of all body tissue, helps weight reduction, increase bone and lean muscle mass and slows down and even reverses aging.[2] According to the late well-known naturopathic physician, Dr. Bernard Jensen, Colostrum has a therapeutic role to play with heart disease, cancer, diabetes, autoimmune diseases, allergies, bacterial, viral and parasitic infections, gingivitis, colds, and the flu. Colostrum has powerful antioxidant properties, is anti-inflammatory and is a source of many vitamins, minerals, enzymes and amino acids if it is unprocessed and in its original natural state.
